

# Displaying Open Badges on Social Media

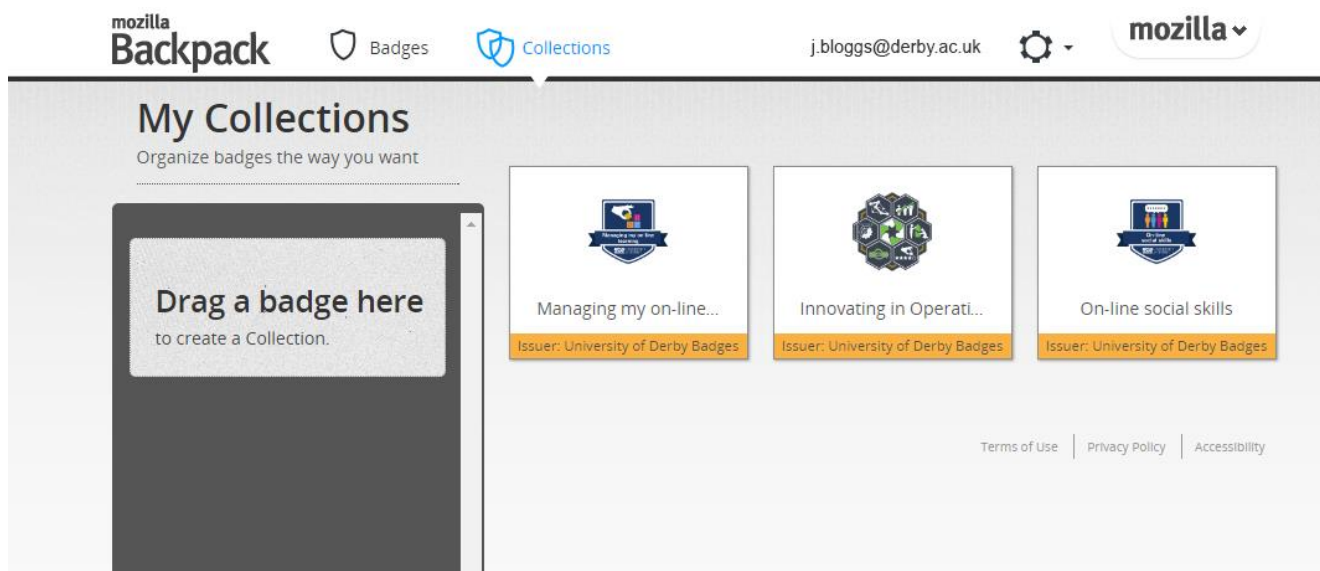

Once you have earned badges you will want to show them to peers and prospective employers, they are recognised achievements that prove you have particular skills, knowledge and accomplishments.

**Click on the Links below to expand information on displaying your badges on Social Media platforms:**

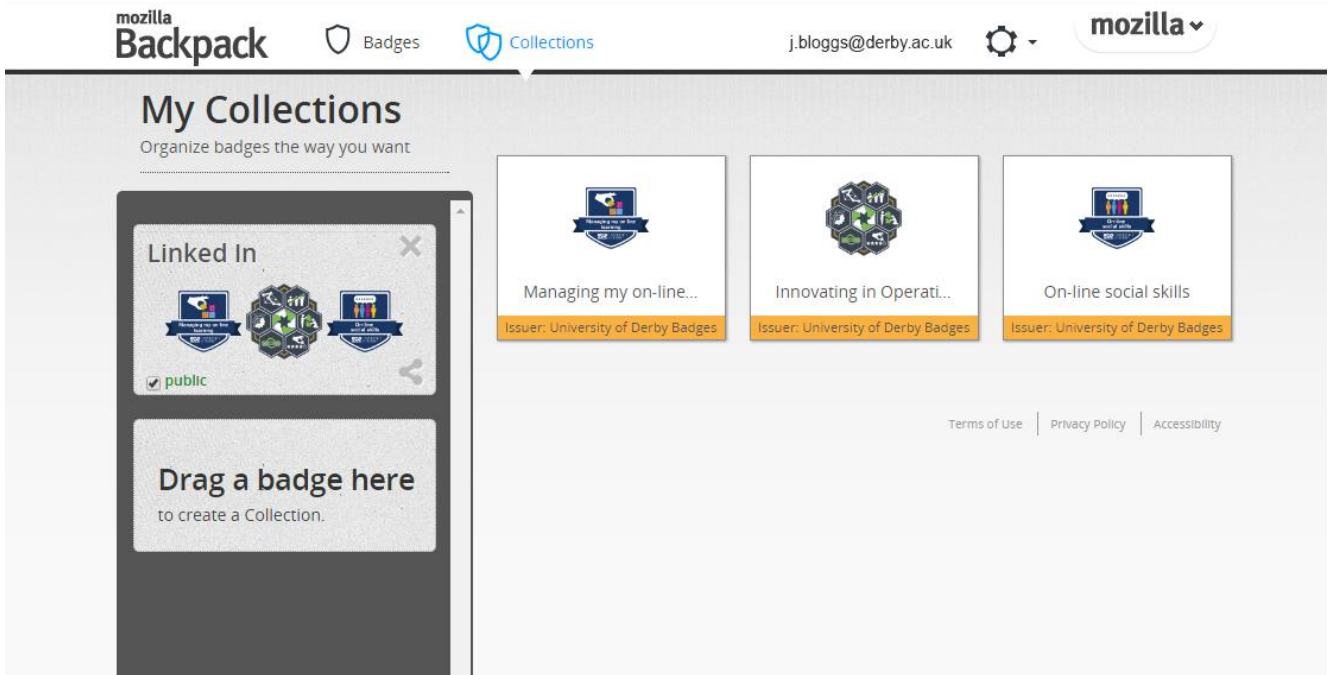

## Linked In

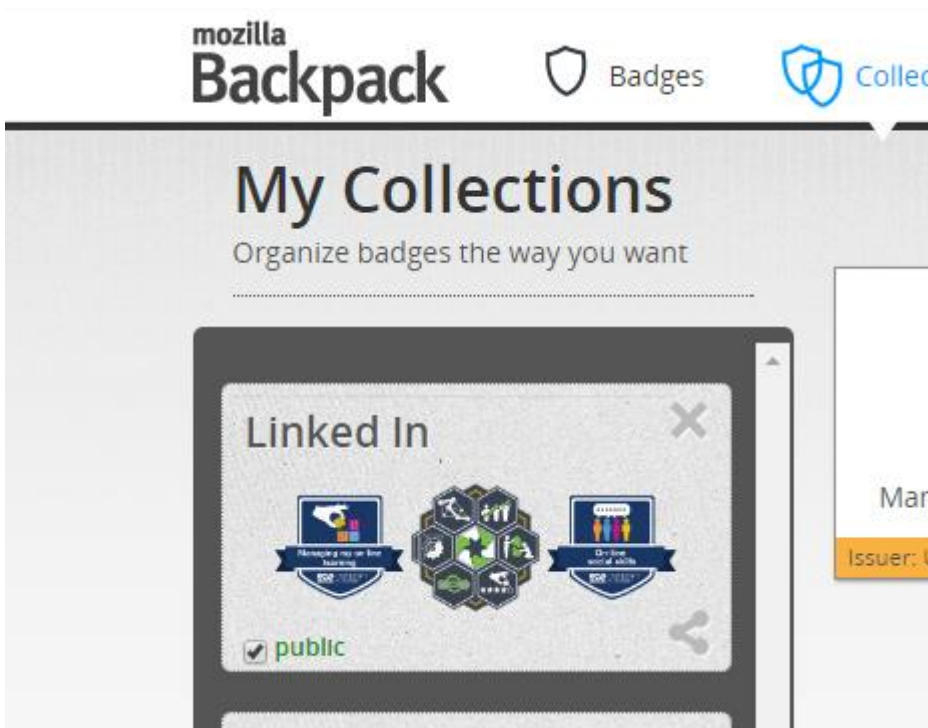

**Step 1:** In Mozilla Backpack click onto the Collections Tab

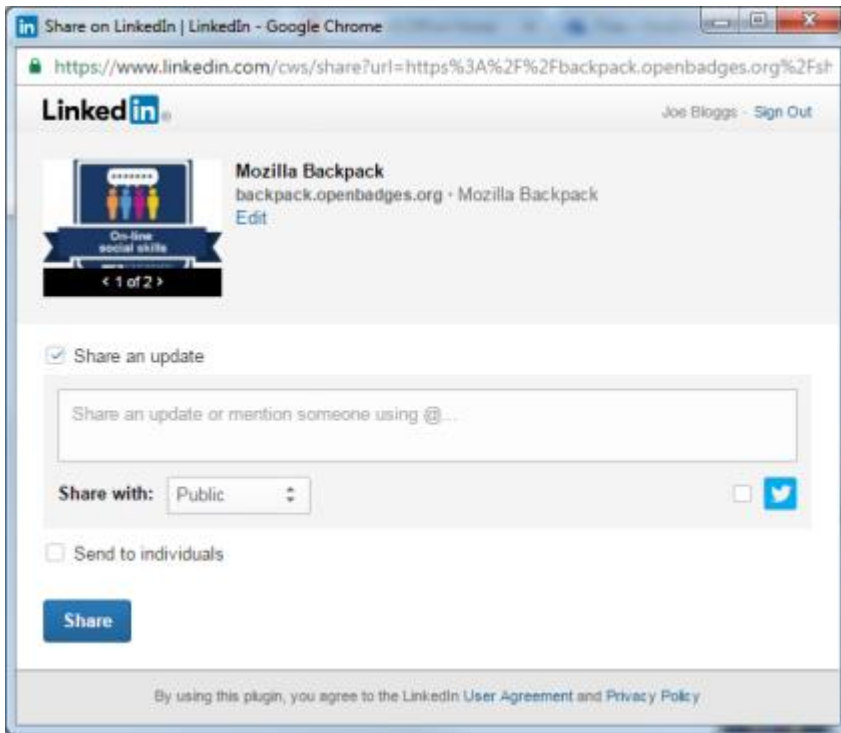

**Step 2:** Drag the Badge you want to display into a particular Collection, for example you might create 'Linked In' collection.

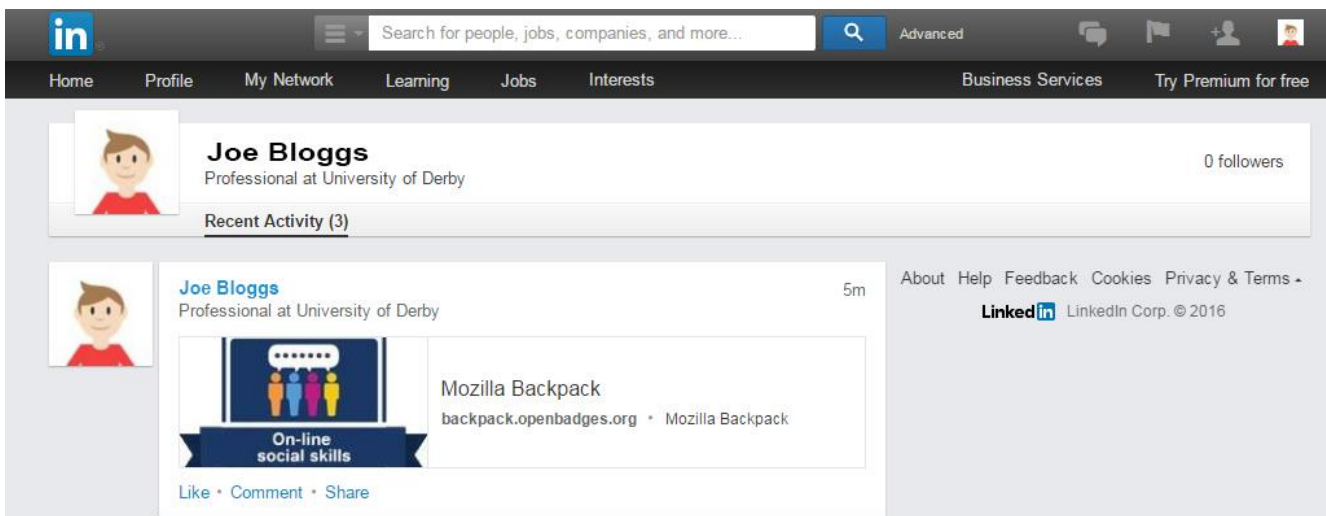

**Step 3:** Click on the share button within the Linked In collection window.

**Step 4:** A window then opens up where you can write something about your badges and post to individuals you want to connect with via Linked In.

**Step 5:** You will see now that you have shared the badges to your Linked In profile.

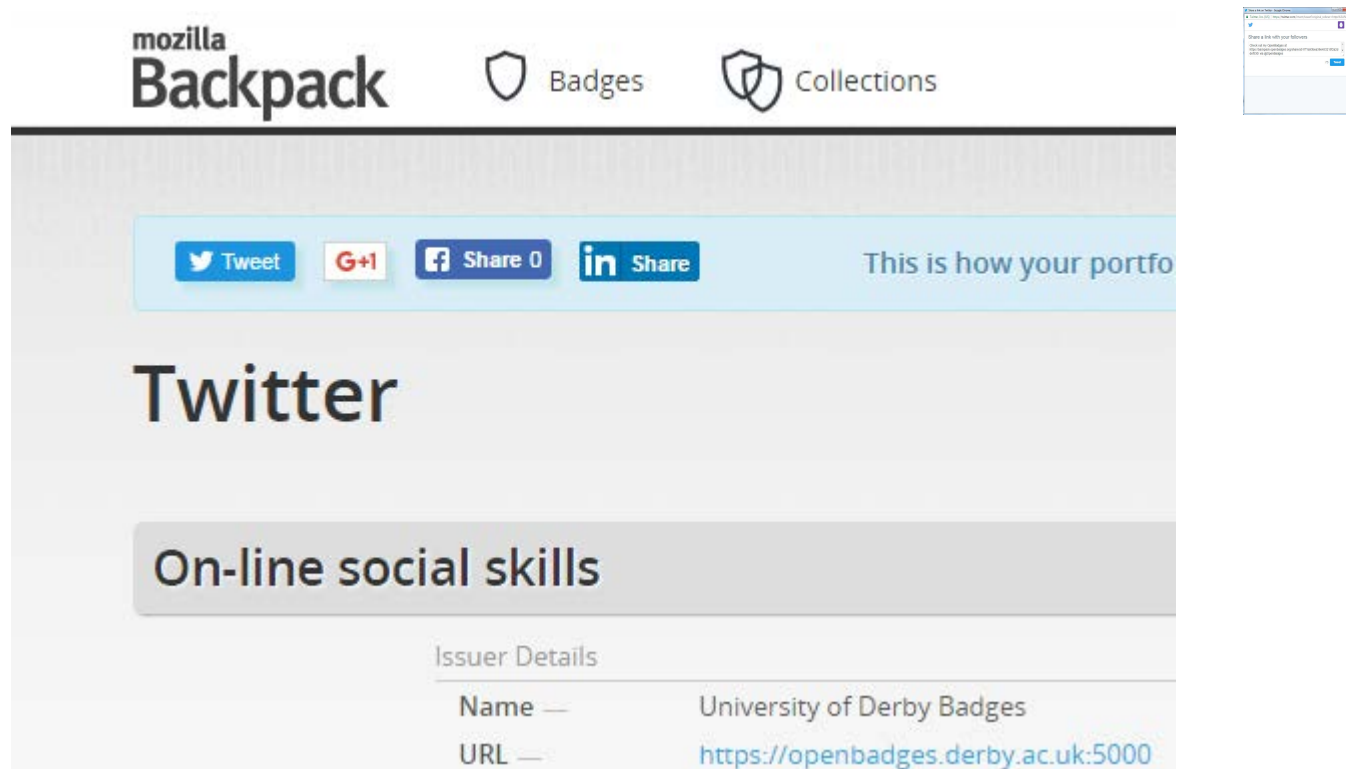

## Twitter

Adding your Open Badges to Twitter is very straight forward, from the Collections

page in Mozilla Backpack follow the same process as above but click onto the Twitter logo to share to twitter.

The screenshot shows the Mozilla Backpack interface. At the top left is the 'mozilla Backpack' logo. To its right are 'Badges' and 'Collections' icons. Below the logo is a light blue bar containing social sharing buttons: 'Tweet', 'G+', 'Share 0', and 'Share'. To the right of these buttons is the text 'This is how your portfo'. Below this bar is the word 'Twitter' in a large font. Underneath is a grey box with the text 'On-line social skills'. At the bottom, there is a table with the heading 'Issuer Details'.

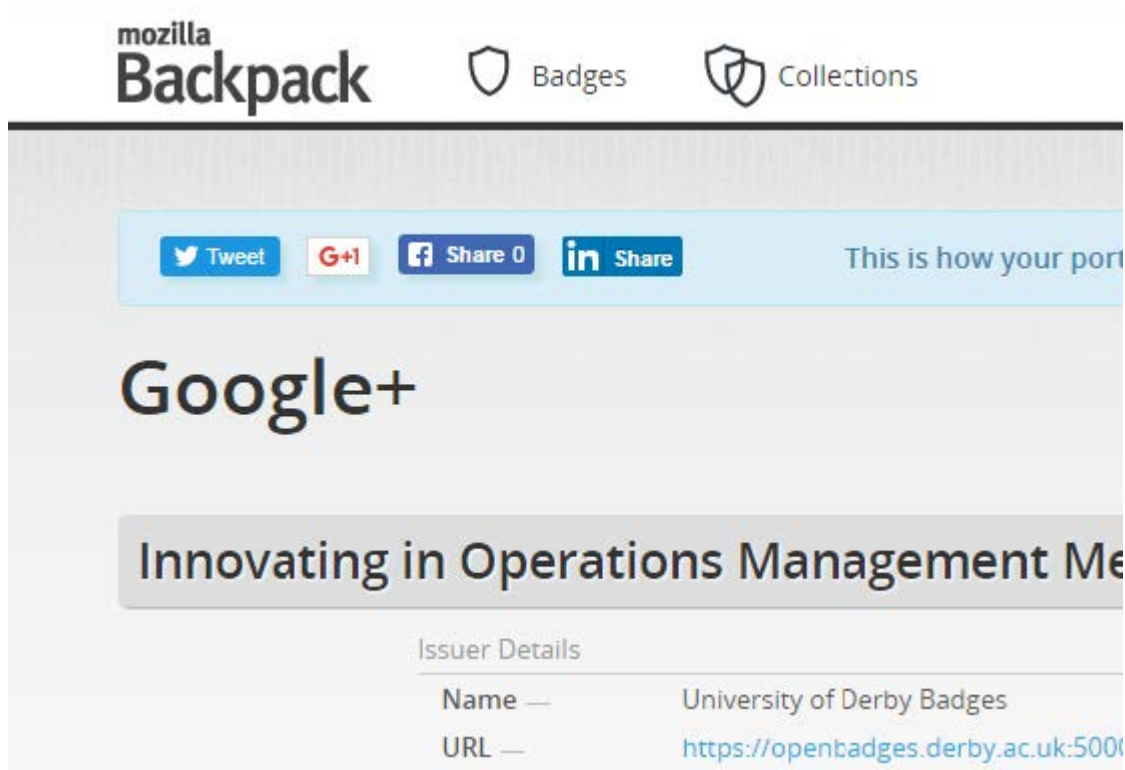

Issuer Details	
Name —	University of Derby Badges
URL —	<a href="https://openbadges.derby.ac.uk:5000">https://openbadges.derby.ac.uk:5000</a>

A new window opens where you will sign in with your twitter account details. After that click the blue Tweet button to share with your followers.

## Google+

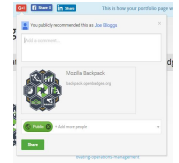

Similar to adding your Open Badge in Twitter, adding it to Google+ is very much the same process with just a different style window that appears.

The screenshot shows the Mozilla Backpack interface. At the top left is the "mozilla Backpack" logo. To its right are "Badges" and "Collections" icons. Below the logo is a light blue bar containing social sharing buttons: "Tweet", "G+1", "Share 0" (with a Facebook icon), and "Share" (with a LinkedIn icon). To the right of these buttons is the text "This is how your port". Below this bar is the text "Google+" and "Innovating in Operations Management Me". At the bottom, there is a table titled "Issuer Details" with two rows: "Name" with the value "University of Derby Badges" and "URL" with the value "https://openbadges.derby.ac.uk:5000".

Issuer Details	
Name —	University of Derby Badges
URL —	<a href="https://openbadges.derby.ac.uk:5000">https://openbadges.derby.ac.uk:5000</a>

## Facebook

Again very similar to adding your Open Badge in Twitter, adding it to Facebook is very much the same process with just a different window that appears.
