

# Learning on Screen - Video on Demand BoB service.

## Learning on Screen's on demand "BoB" service

BoB provides a recording service similar to iPlayer or other broadcast catchup services. However, programmes that you record are available for use in an archive which you can then use to embed into Course Resources, or link to in emails and so forth.

## How do I access it?

- Visit <https://learningonscreen.ac.uk/ondemand>
- Click on Sign in.
- Type Derby and select University of Derby in the drop down menu.
- Log in using your usual University username and password.
