

PebblePad

What is PebblePad?

PebblePad is an eportfolio or personal learning space that is available to both students and staff at the University. It is an external online service, but is integrated within Course Resources and supported by the University. At the core of PebblePad are concepts of reflection, and self-ownership of learners' material.

We acknowledge The University of Sheffield and their help guides in the creation of this.

Read this guide on how to [add standard help videos into Course Resources or Pebblepad](#)
