

PebblePad - Removing a Share

To share an Asset for other users to access in PebblePad:

- Log in to Pebble+
- On any page, click the 'burger' icon at the top left of the screen.

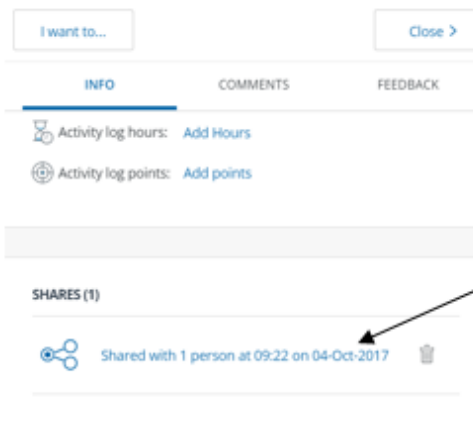

- Select 'Asset Store'

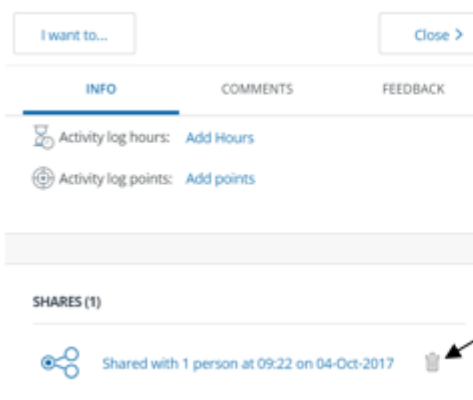

Locate your portfolio within the Asset Store. You will then need to click on the 'i' icon for information.

-
- Removing the share(s) that you have made You will then see the following panel on the right hand side. Scroll down until you see the section that says 'shares'. This will tell you when and with whom you have shared your portfolio with.

'Shares' will tell you who and when you shared your portfolio. Click on this to see the details.

- To remove the share, once you have verified the details. Click on the trash can:

Click on the trash can and this will remove the share

- You will need to confirm that you do want to remove this share:

Are you sure you want to **delete this share?**

- Now when this person clicks on the link that was sent to them via email they will be told that they do not have permission to view the portfolio.
